

SYDNEY DANCE COMPANY

What is important to us:

We ask everyone to help create a safe and positive environment at Sydney Dance Company by keeping these expectations in mind:

SAFETY **Take care**
We will all work together to make Sydney Dance Company a safe place, free from harm, bullying and harassment both physically and emotionally.

RESPECT **Awareness of self and others**
Each person will be valued for their individuality, effort and choices. We will treat each other with dignity and respect.

COMMITMENT **Effort and courage**
Each person aims to actively participate in activities, work hard and embrace new challenges.

KINDNESS **Consider others**
Everyone should accept, encourage and include others.

COMMUNICATION **Listen, look and contribute**
We expect everyone to listen and be heard. We encourage sharing ideas and asking questions.

If you notice that someone is not demonstrating these behaviours please let a teacher, parent or staff member know.

Photography:

Sydney Dance Company will always ask your permission (and that of your parent / guardian) before taking your photo or video and before publishing this anywhere.

You are not allowed to take videos or photos during class. If you would like to take a photo or video of your friends before your workshop starts, please ask for their permission first.

Even if you have permission to take the photo or video, you still need to ask for permission to post it online, print, send or distribute.

You can always choose not to be in a photo or video. If someone takes a photo or video of you that you don't want to, please let us know so we can help you.

Behaviours and expectations for younger people:
